Additional bonuses await you in the Global Bonus Pool!

Once you qualify for one, two, or all six of the Global Bonus Pools, you're qualified for additional bonuses from the Fast Start Package that are purchased in your organization. Here's how it works...

When someone purchases a \$125 Fast Start Package we pay \$5.00 to the **first** upline person (in the line of sponsorship) who's qualified for the 10K Global Bonus Pool. We then pay \$2.00 to the first upline person (in the line of sponsorship) qualified for the 25K Global Bonus Pool. We continue this process (\$2.00 bonuses) for the first qualified person (in the line of sponsorship) through **all six** Global Bonus Pools.

This same process takes place when someone purchases a \$199 Fast Start Package. However, the commission payout increases to \$3.00 for each Global Bonus Pool qualifiers. For example, when someone purchases a \$199 Fast Start Package we still pay \$5.00 to the **first** upline person (in the line of sponsorship) who's qualified for the 10K Global Bonus Pool. We then pay \$3.00 to the first upline person (in the line of sponsorship) qualified for the 25K Global Bonus Pool and so on through all six pools.

Plus, if you're qualified for more than one Global Bonus Pool and there's no one else qualified for a Bonus Pool between you and the person who purchased the Fast Start Package, the bonus amount for each qualified pool is **paid to you**. For example, if you qualify for the 50 K Global Bonus Pool and no one else qualified for a Bonus Pool below you, you'd get the Fast Start Bonus commissions for the 10K, 25K, and 50 K pools. In the case of the \$199 package, **you'd get all three** commissions for a total of \$11.00 extra on that package (\$5 + \$3 + \$3). Best of all, if you were the one who enrolled the new Member with the \$199 package you'd also earn the \$75 sponsoring bonus for a total of \$86.00!
