

# FAST START QUESTIONS

## Fast Start Bonus Program

### FREQUENTLY ASKED QUESTIONS (FAQ)

▸ **After the 30-day free trial of X2O Builder.com what happens?**

After the first 30 days, your regular monthly subscription for X2Obuilder.com will start. The rate is just \$14.95 per month and will be processed using the payment method you designate on file. The 30-day free trial is designed to help all new Members start using and benefiting from this powerful business-building system.

▸ **Can someone enroll in Xooma at \$25 or \$50 and then “upgrade” to a Fast Start Package at a later time?**

Yes. However, please remember that a Member needs to purchase a Fast Start Package themselves before they are eligible to earn Fast Start commissions or matching bonuses.

▸ **Can someone still enroll as a Member in Xooma for just the \$25 product purchase?**

Yes. The Fast Start Bonus Packages are optional. If developing more immediate income in your business is important to you and the people you sponsor, use these Fast Start Packages as often as you can when enrolling new Members.

▸ **Can you purchase a Fast Start Package more than once?**

No. Fast Start Packages are designed as one-time purchases. Once you’ve purchased a package, you’re qualified to earn Fast Start Bonuses and may not purchase the same package again.

▸ **I’m already a Member in Xooma Worldwide. Do I need to purchase a Fast Start Package in order to earn Fast Start commissions and matching bonuses?**

Yes. In order to be fair and treat everyone equally, current Xooma Members who wish to participate in the new Fast Start Bonus program must first purchase a Fast Start Package themselves to be eligible for commissions.

▸ **What are the “Fast Start Training Calls?”**

Coming very soon, we will be hosting a regular series of “invitation only” training calls for our Fast Start Members which will teach them how to get their business “off the ground” successfully in their first 30 days. These calls will feature successful speakers and trainers from the home-based business industry who will be helping to train your new Members for you.

▸ **What if I have a new Member who’s enrolling with a Fast Start Package but I haven’t purchased my own Fast Start Package yet? Can I purchase my package after I enroll them?**

To ensure you get the all the commissions you deserve, we highly recommend that you purchase your Fast Start Package before enrolling a new Member with a Fast Start Package. Remember...the commission report must show your one-time purchase of a Fast Start Package for you to be eligible.

▸ **What is an “X2O To Go” pack?**

An “X2O To Go” pack consists of the new Xtreme X2O water bottle with the bottle “stuffer”/ info. flyer, a “TRUTH” wristband with a “Consumer” version of our “Truth” card, and one foil pouch (6 sachets) of X2O. We call them “X2O To Go” because they’re perfect for carrying with you when you want to introduce someone to our product and your business. You can sell them as “trial packs” to potential customers or give them away to key people you meet or associate with. How you use an “X2O To Go” pack is up to you.

▸ **When do the weekly Fast Start Bonus checks get processed?**

Every 7 days Xooma Worldwide prints a report that shows every person eligible for Fast Start Bonuses and 50% matching bonuses from the previous week. Then, we print and process those bonus checks and mail them. For most people, they’ll receive their checks within 7–8 days following the qualification period. Based on your personal sponsoring activity and the activity of those you’ve personally sponsored, you could be getting Fast Start Bonus checks every week!

▸ **When I purchase a Fast Start Package through my original I.D. number, do I also have to purchase a Fast Start Package for my each of my re-entry positions?**

No. You only need to purchase your Fast Start Package one-time through your original I.D. number to qualify

▸ **Will I earn the 50% matching bonus when other current Xooma Members who I personally sponsored purchase a Fast Start Package?**

Yes. If you purchase the \$199 Fast Start “Best Buy” Package, you’ll be qualified to earn matching bonuses on both the \$199 and \$125 Fast Start Value Packages purchased by those current (and future) Members you personally sponsored. If you purchased the \$125 Fast Start Package, you’ll be qualified to earn matching bonuses on the \$125 Fast Start Packages but not on the \$199 Fast Start Packages.

▸ **Is there “PV” on Fast Start Packages?**

Due to the fact that we pay such a high percentage of commission to the sponsor and the sponsor’s sponsor, Fast Start Packages carry no “PV” for monthly volume qualifications. In other words, existing Members who purchase a Fast Start Package still need to ensure that they have established their “qualifying” product volume for the month. SPECIAL EXCEPTION: When a new Member enrolls in Xooma with a Fast Start Package, they do not need to place another product order that calendar month. They are automatically qualified to earn all commissions that month through the purchase of their Fast Start Package.
